New Vice President joins Top Producer®

Vancouver, BC, September 12, 2006 – **Top Producer® Systems** is pleased to announce the appointment of Tommy Lee to the position of Vice President – Software Engineering, effective September 11, 2006.

Reporting to Errol Samuelson, President of Top Producer, Mr. Lee will be responsible for planning and directing the overall software engineering activities of the organization, further strengthening the existing Product Development team.

“I look forward to a successful and productive working relationship,” Mr. Lee remarked. “I am thrilled to be part of the team.” In his new role at Top Producer, Mr. Lee brings over 19 years of software industry experience, including the development and management of various enterprise and mission-critical applications.

Mr. Lee joins Top Producer from CopperLeaf Technologies, where he was Vice President – Development, managing the development of their asset investment planning system for Utilities and other asset-intensive verticals. Prior to that, Mr. Lee was Vice President – Product Development at MDSI. Mr. Lee joined MDSI from MacDonald Dettwiler & Associates, where he designed and developed air-traffic control systems and satellite ground stations software.
